COUNTY OF [REDACTED])

[REDACTED], being duly sworn, deposes and says: I am the Assistant Director of the [REDACTED] County Society for the Prevention Cruelty to Animals. In that capacity I often receive complaints of animal abuse. I have been investigating such cases for over five years, and am quite familiar with animal neglect and cruelty.

ON Oct. [REDACTED] I responded to a complaint that had been called into the shelter about possible abuse of horses owned by [REDACTED]. Upon arrival at the [REDACTED] property I was able to see two horses surrounded by barrels. Mr. [REDACTED] refused to let myself and my partner, [REDACTED] see the horses. He ordered us off his property.

The following day [REDACTED] called the shelter and offered to let us see the horses. We made arrangements to meet her on Nov. 14, [REDACTED] at the property off route [REDACTED] in the Town of [REDACTED]. We saw seven horses at that time some horses were somewhat underweight. We suggested a vigorous deworming program and increased feed. we left a livestock report with Mrs [REDACTED]

On June 27, [REDACTED] I talked on the telephone to [REDACTED] road, New Paltz. She stated that she had given food to the horses (we were speaking of [REDACTED] horses). She stated that the horses water was very slimy and green, and that the horses were in very bad condition, particularly a Leopard Appaloosa. She was very upset and stated that the horses were dying up there. She hoped that we would be able to do something.

I believe based on my years of experience that these animals are being treated cruelly and kept in inhumane conditions.
